WHAT IS INTELLI-CASH?

Your VSLA in Your Pocket

Intelli-Cash is a dedicated mobile-first digital platform designed to transform how Village Savings and Loan Associations (VSLAs) operate. It replaces manual registers and cash boxes with a secure, transparent, and real-time digital system that every group leader can manage directly from their smartphone.

Live Dashboard Overview

At a glance, group administrators can track Total Savings, Active Loans, Member Count, Meetings held, Fines Collected, and Social Fund balance — all in real time, with a Savings Trend chart for performance monitoring.

Fixed Amount Savings

All members buy shares at a fixed KSh 100 per share. Up to 10 shares per meeting = KSh 1,000 max per session.

Flexible Option Available

Groups can also opt for flexible savings amounts to accommodate varying member capacities.

Real-Time Share Ledger

Each share purchase is immediately recorded with member name, number of shares, and total value in the meeting ledger.

Social Fund Tracking

KSh 50 social fund contribution per meeting is separately tracked and reported on the dashboard.

Total Savings Computation

Cumulative savings are automatically computed and used to determine each member's loan eligibility (up to 2x savings).
